

Habitat for Humanity

Habitat for Humanity is an international, non-profit organization whose goal is to eliminate substandard housing worldwide. Habitat was founded in 1976 by Millard Fuller as an ecumenical Christian housing ministry. The Wimberley Valley chapter of Habitat for Humanity is non-denominational and accepts members of all faiths.

Each chapter of Habitat has three main goals: to build homes, to raise Habitat Awareness and to educate others about poverty housing in the world. The Wimberley Valley chapter of Habitat began in 1992. Our 11th home was recently completed and we will begin our 12th home toward the end of 2008.

Habitat builds simple, decent, affordable homes for people in need. Families are chosen based on their present living situation and their ability to pay. Each family is required to help build their house or other Habitat homes and accumulate a number of "sweat equity" hours. Families also make interest-free mortgage payments on their homes, which help fund the building of other Habitat homes.
